

CALOUNDRA INTERSECTION & PATHWAY

Client: Sunshine Coast Council | Duration: August 2022 – February 2023

Project Description

NPG upgraded the busy Caloundra Queen Street Intersection and Pathway to a signalised intersection with improved pedestrian pathway and crossing. The works included:

- Erosion and Sediment Control
- Tree Clearing
- Earthworks
- Stormwater installation
- Pavement works
- Signalised Traffic Light Installation
- Asphalt and Line Marking
- Concrete Pathways and Kerbing
- Landscaping and Signage

These works were undertaken with minimal disruption to the Caloundra State High School peak periods of drop off/pick up. NPG were pleased to receive a letter of thanks from the school community for the works undertaken.
